

INDUSTRIAL COATINGS TECHNICAL DATA SHEET

QUICK DRY ENAMEL

PRODUCT DESCRIPTION

Prodec Quick Dry Enamel is a classical solvent-based high gloss coating for agricultural and commercial equipment and vehicles that need a long lasting, hard and highly washable coating.

PRODUCT FEATURES

- Washable, humidity resistant
- Excellent adhesion to a range of properly prepared substrates
- Excellent, no mess application properties, with excellent, flow and levelling
- High hiding power and film build

APPLICATION AREAS

- Primed metal
- Previously painted substrates

SURFACE PREPARATION

- **Rusted Metal:** Affected areas need to be cleaned back to bright metal using Prodec Rust Neutraliser and spot primed with Prodec Metal Etch Primer.
- **New Metal:** Surfaces need to be abrasively degreased with Prodec Galvanised Iron Cleaner to remove the manufacturer's grease protective layer. This process is repeated until the surface is water break free. After drying the whole substrate is coated with Prodec Metal Etch Primer.
- **Previously Painted Surfaces:** Remove all loose, flaking and bubbling paint. Remove all dust, grease, foreign material and fungus. Allow to dry.

APPLICATION PROCEDURE

- Stir well before use.
- Airless spray (Thin 20% with Prodec Quick Dry Enamel Thinners). Apply a generous coat of Prodec Quick Dry Enamel to the area.
- Allow to dry 1-2 hours before recoating.
- Airless spray apply a second generous coat.
- Clean up application equipment with Prodec Quick Dry Enamel Thinners

GENERAL

- Do not apply before 9am and after 4 pm in the winter
- Do not apply exterior if it looks like rain will occur within 4-6 hours of application
- 2-3 coats of Prodec Quick Dry Enamel should be used for best results
- The spreading rate will vary with porosity and type of substrate. For uncoated new work 1 litre will cover about 8-10m² for the first coat. For subsequent coats and for when applied to sealed, previously painted substrates 1 litre will cover about 10-12 m²
- Application equipment clean up is with Prodec Quick Dry Enamel Thinners

RANGE AND QUANTITIES

- Prodec Quick Dry Enamel is available in White, Black and a standard colour range*
 - Available in 1 / 5 litres
- *Colours only available in Kwa-Zulu Natal
